Section 1. Section 32-1403.01, Arizona Revised Statutes, is amended to read:

32-1403.01. <u>Licensees: profiles: required information: review: malpractice information: civil penalty</u>

- A. Beginning on January 1, 2001, The board shall make available to the public a profile of each licensee. The board shall make this information available through an internet web site and, if requested, in writing. The profile shall contain the following information:
- 1. A description of any criminal conviction within the last five years. For THE purposes of this paragraph, a licensee is deemed to be convicted of a crime if the licensee pled guilty or was found guilty by a court of competent jurisdiction.
- 2. A description of any charges within the last five years to which the licensee pled no contest.
- 3. The number of pending complaints and final board disciplinary and nondisciplinary actions, including dismissals, within the last five years. Information concerning pending complaints shall contain the following statement:

Pending complaints represent unproven allegations. On investigation, many complaints are found to be without merit and are dismissed.

The settlement of a medical malpractice action may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the doctor. A payment in settlement of a medical malpractice action does not create a presumption that medical malpractice occurred.

- 6. The name and location of the institution from which the licensee received graduate medical education and the date that education was completed.
 - 7. The licensee's primary practice location.

An applicant for licensure shall submit this information at the time of application. The applicant and licensee shall submit the information on a form prescribed by the board. A licensee shall submit immediately any changes in information required pursuant to subsection A, paragraphs 1, 2 and 4. The board shall update immediately its internet web site to reflect changes in information relating

- D. It is an act of unprofessional conduct for a licensee to provide erroneous information pursuant to this section. In addition to other disciplinary action, the board may impose a civil penalty of not more than one thousand dollars for each erroneous statement.
